PROJECTS

Personal Portfolio Website

Built a personal portfolio website featuring project showcases, technical skills, certifications, contact information, and a responsive design to establish a professional online presence.

AI Interview Preparation & Career Guidance System

Built an AI-driven platform featuring resume ATS analysis, voice-based mock interviews, resume rank prediction, AI career feedback, and analytics dashboards to enhance job readiness.

Intelligent Learning Platform for Flutter Development

Developed an AI-powered learning platform for Flutter developers, offering personalized learning paths, AI chatbot assistance, progress tracking, and interactive learning resources.

Data Vault with Customizable Encryption Techniques

Developed a secure file storage system that uses customizable encryption methods to protect sensitive data, ensuring secure storage, controlled access, and efficient key management

STRENGTHS

- Quick Learner
 - Problem Solving
 - Team Collaboration
 - Communication Skills
 - Adaptability
-

CERTIFICATIONS

- Azure AI Fundamentals - Microsoft
 - Learn AI and Gen AI Basic - Edunet
 - Green Skills and AI - Edunet
 - AWS Academy Graduate – Data Engineering
 - Python Data Structures - GreatLearning
-

LANGUAGES

- English
 - Hindi
 - Marathi
-

ACHIEVEMENTS & ACTIVITIES

- Developed multiple academic and real-world software projects.
- Actively learning modern technologies, including AI and Cyber Security.
- Experience with project documentation, system design, and presentation preparation.
